

# Scouting America

Seashore  
Trolley  
Museum

We are offering the BSA Railroad Merit Badge Program on the following weekends. Please be aware these dates fill up quickly as we limit the program to 20 scouts per weekend to allow for everyone to get hands-on experience.

This price includes camping on the property for two nights, admission to the Museum, riding the Trolleys, and having a Docent (Tour Guide) with you all day.

We request that you reserve your troop **three months** in advance. This time allows us to get your troop registered and send you information about your weekend at the Seashore Trolley Museum.
